SUBJECT. Resumption of lands conferred to one Krishnaiya, Shanbogue of Arakere Firka, Chennarayapatna Taluk, though containing Date trees.

LAST REFERENCE. Letter No. 906 dated 26th March 92 from the Dy Comr, Hassan Distt.

Vide Dy Comrs no 152 of 6-6-91 (Paper no 2)

In June 91, the Dy Comr, Hassan District, brought to the notice of Govt, that one Krishnaiya Shanbogue of Arakere Firka, Chennarayapatna Taluk, had in his enjoyment certain nos: of lands on Hulgaval tenure before Survey, the toddy trees standing thereon having been reserved to Govt, that during the Survey Settlement, the Survey numbers as per margin were applied for and confirmed to him, the question of the toddy trees not being brought to notice by the

Sir

I am directed to forward for your infn a copy of letter from the Deputy Comm^r of Hazara District No 152 of 6th June last and to request that you will be good enough to favour Govt with your views on the proposal therein contd, and with a report of the tenure under which the land originally planted on mere bulgaval tenure happened to be confirmed with full occupancy rights particularly when the number of the trees therein rendered its redemption necessary. Govt wonder whether the Gradastrk does not contain information of the number of trees & thus furnish a warning against the absolute grant of the land.

and consequently it may be fairly presumed that the Settlement Officer was kept in ignorance of the actual state of things as regards certain of the above Survey Numbers. I would suggest that an examination of each Survey Number be made and such as contain a large number of Shendi trees (not the whole of the Numbers as suggested by the Deputy Commissioner) be resumed without compensation. It would be very unprofitable to resume Survey Numbers in which there are very few trees

Sir,

Referring to your memo no. 5570/157 of the 6th August last, forwarding Copy of letter No. 5569/33 ~~2556~~ on the subject of certain lands held by one Kristiaya, Shanbogue of Anekere Firka, Channarayapatna Taluk, I have the honor to state that the Shanbogue has been strictly warned in the terms directed in the above against harm

being

being done to any tree standing on the lands by cutting it till the matter is finally settled by Govern-ment and to report as follows:-

I. Of the lands alluded to in the above correspondence, majee nos 5 and 6 were obtained by the Shan-bogue in transfer from one Volékar Ihenna in Rudhirodgari 1863-64. Ihenna obtained them in transfer from Ihenni widow of one Timm-gowda in whose name the Patta of the lands in question stood up to 1847. But how and under what condition the lands were originally granted to Timmégowda, is not ascertainable from the records, the Shanbogue himself being an interested party in the case. The remaining majee no. 4 was obtained by the Shanbogue

on Dumbat in 1863-64 for Kul-gaval on the expressed condition that the trees standing on the land should not be cut down or in anyway injured. The maps Nos and area of these lands correspond with the Survey nos and area as per margin. — The Shanbogue was paying for them before Survey and settlement an aggregate amount of ~~Rs~~ 14-5-4. and he has been since paying ~~Rs~~ 19-12-". .

II. It is reported that Survey Nos 60, 65 and 71 were granted to the Shanbogue at the settlement in Jarana 1884-85. under ordinary Rules and they now stand in his Khata on waste Survey assessment.

III. The Shanbogue has been — " grazing his own cattle on these lands and he has 25 heads of cattle & Chowrie of Sheep as per Kanishmari account. The Shanbogue says.

says that he has 100 heads of cattle inclusive of sheep which he he has not mentioned in the said account. It appears that he had sublet the lands last year for pasturage for ~~Rs~~ 80. It is also ascertained that he had given out on Contract the "Shendi trees for ~~Rs~~ 130 during the years 1887-88 and 1889-90.

IV. Mr. Gopalangar in his letter No. 132 (2) Dated 6th June last re-commended summary resumption of the lands. The acting Amildar Venkatachar was of opinion that the lands might be given out on half the assessment viz ~~Rs~~ 35-14-0 at "Kulbanni" rate per year. The present Amildar Ramanujangar recommended the recovery of the full assessment viz ~~Rs~~ 71-12-0 reserving the right of Shendi trees to Govern-ment; and this proposal is in

Sub-Dy Commr Hassan 20/12/94

As I differ from the Dy Comr & the Supdt of Rev Survey, the draft must be submitted for the approval of the Dewan.—

There can be no security of property if we go on allowing grants made 10 years ago, merely on the ground that our officers were not careful, & in the case, it is also doubtful whether they were really careless. I think that the date trees were the young plants when the lands were granted & the really good ones were very few.

possession of the following

Survey numbers:—

№		area A. G	assessment

68	"	12-7	10-"-"
71	"	7-21	7-8-"
	Total	88-9	71-12-"

Of these, Nos 60 and 71 were acquired by the Shanbhog in 1863-64 by transfer from one Channa, who had held them on Patta. № 65 was held by him on Hulkaval tenure, which was changed into ordinary Patta tenure during the Survey and

Settlement in 1884-85. All the other numbers were granted to him at the Survey and Settlement in 1884-85 on Patta tenure. No price for the trees standing on any of the numbers was levied. The reason for this omission is not recorded anywhere, but Col. Grant thinks that it was due to the Settlement Officer having been kept in ignorance of the existence of the trees. The Phool Pahani account of that year, which was prepared by the Taluk authorities shows that there were trees in the numbers noted in the margin, that

+ No 60 | 20 trees
" 71 | 34 "

that there were then no trees in Nos. 64 & 68, and that the other numbers contained some trees, though their number is not specified. From this, it is probable that no price was levied for the trees on account of their small number compared with the area. In 1891, however, on the complaint of the Toddy Contractor, the Deputy Commissioner examined the lands, and found that they contained a large number of date trees as shown below:—

account which showed the existence of trees, was on record, the Shanbhog cannot be said to have wilfully withheld the information. Under these circumstances, and as the lands were duly granted to the Shanbhog so long ago as 1884-85, Government are not disposed to order their resumption at this distance of time. The Deputy Commissioner is therefore requested to leave the Shanbhog in the undisturbed possession of the lands and trees.
